

PUBLIC SERVICE COMMISSION OF SOUTH CAROLINA

CLERK'S OFFICE

NOTICE OF FILING

DOCKET NO. 2014-159-E

Joint Petition of Mid-Carolina Electric Cooperative, Inc. and South Carolina Electric & Gas Company for Reassignment of Territory in Richland County and Approval of an Agreement to Limit Corridor Rights

Mid-Carolina Electric Cooperative, Inc. ("Mid-Carolina") and South Carolina Electric & Gas Company ("SCE&G") (collectively, the "Petitioners") filed a Joint Petition with the Public Service Commission of South Carolina (the "Commission") for the reassignment of certain territory in Richland County, South Carolina ("Richland County") and for approval of an agreement to eliminate "corridor rights" in the specified area. The Joint Petition was filed pursuant to The Territorial Assignment Act, S. C. Code Ann. §§58-27-610 through 58-27-690(1976 & Supp. 2013).

The Joint Petition contains exhibits with maps reflecting the proposed reassigned areas in Richland County. (Exhibit 1("Key Map") and Exhibits A1, A2, B1, B2, B3, and C3). The Key Map depicts the present and proposed reassignment of territories in the affected portions of Richland County. According to the Joint Petition, the Key Map is the result of lengthy good faith negotiations between Mid-Carolina and SCE&G. The Key Map illustrates the following present and proposed reassignment of territories:

- On Exhibit 1, the territory shaded in light green is presently assigned to Mid-Carolina. On Exhibit 1, territory that is shaded in dark green is presently assigned to SCE&G, but the Petitioners request that the territory hereafter be reassigned to Mid-Carolina.
- On Exhibit 1, territory that is shaded in light red is presently assigned to SCE&G. On Exhibit 1, territory that is shaded in dark red is presently assigned to Mid-Carolina, but the Petitioners request that the territory hereafter be reassigned to SCE&G.

Regarding the corridor rights within the proposed reassigned areas, the Joint Petition states that the Petitioners own many miles of distribution lines that have "corridor rights"; therefore, by virtue of those corridor rights, each Petitioner is able to serve new customers located in territory assigned to another. However, as the Joint Petition reveals, in order to avoid wasteful duplication of electric distribution lines and appurtenant facilities and to better operate their distribution systems safely, the Petitioners have agreed that they will abandon said corridor rights and not assert a corridor right to serve a customer outside the territory assigned to that Petitioner as outlined in Paragraph 9 of the Joint Petition. The Petitioners assert that the proposed reassignment of territories promotes public convenience and necessity as the Petitioners have given careful consideration to system economy, service reliability and good utility practice, efficiency and safety.
